

Our Wedding Mission Statement

Thank you for your interest in The Sharnbrook Hotel & VesuviO as your potential Wedding Venue.

We are proud to be one of Bedfordshire's Premier Wedding facilities also licensed for Civil Ceremonies although we are quite aware that we are indeed a unique venue in many ways and continue to remain a family owned and run business.

Flexibility and versatility are key aspects of both The Amalfi Suite and our approach to your Wedding or any event we are organising. With our well experienced, stable and passionate team delivering you the service you expect when planning your big day, we are committed to ensuring the comfort and enjoyment for all your guests. I am also proud to be the longest serving Wedding Organiser in Bedfordshire within the same venue with approximately 55 weddings a year experience and now in my 8th year at The Sharnbrook - as a family business you can count on me being here when you need to pop in, talk, seek advice or even if you're having an unnecessary panic.

The fact we are a family run business is of huge importance to you as you have direct access to me throughout the planning process, I provide you with copies of the arrangements for the day prior to your wedding so you can check them through and should anything be required on the day, my team and I have a can do attitude with the authority to make the changes ultimately ensuring the whole day is seamless. If I can't be there on the day for any reason, my brother Mas and management team that you would have met along the journey will ensure that your wedding is truly memorable.

On behalf of my family and our team, we look forward to working with you.
